

## Education Testimonials for Mentoring Solutions

"Mentoring Solutions has provided substantive and valuable service. I am pleased with the professional services you have offered to us... The workshops reflected the same preparation and thorough delivery as the workshops delivered for the previous two years involving approximately 100 people... The materials were prepared with such detail that they were helpful to new mentors as they embarked on mentoring roles."

==

"I know your presentation went extremely well as I had such positive feedback from participants. [They] praised the quality, the professional approach, the amount of information shared... Due to you, our Second Peer Coaching Conference was again a smashing success."

~~ Ottawa Board of Education

==

"The workshop was extremely well organized... activities were pertinent... materials were clear and well designed... sequence and logical organization were a definite plus.... Dr. Gray's ability to work with sponsors is excellent... and [his] ability to train adults is obvious.... He explains concepts well... is open to workshop participants' ideas and input... All in all, I would recommend his workshops without reservation.
